COMPLETE NEW CHEVROLET GETS PUBLIC EYE

Beautiful Lines, New
Smoothness, New Econ-
omy; Two Services.

Chevrolet's new passenger cars for 1937, comprising two new series of six models each, were introduced today with public showings throughout the United States. The two series, known respectively as the Master and the Master De Luxe, are identical except for front spring suspension, rear axle and steering gear ratios, and accessories and trim.

On the Master De Luxe models, knee action, formerly optional as an extra, is not only continued as a major feature, but furnished at no extra cost. Master models are available with semi-elliptic front springs only. All models of both series have safety plate glass all around at no additional charge.

Although the cars are described as new from bumper to bumper, the change most obvious outwardly has to do with body lines. A new treatment, described as "diamond crown streamline styling," represents a distinct departure in design, and produces an impression of added fleetness and grace. The change, however, goes deeper than appearance, for the bodies are entirely new. They introduce unexcelled construction, in which solid steel, retop, steel, steel panels, steel double cowl, and steel floor are welded together to form a permanently-silent unit, without bolt, nail, rivet or screw. Even the doors are all of steel.

The bodies are mounted on a chassis which is also new, with the new six-cylinder high-compression valve-in-head engine developing 85 horsepower, new box girder chassis frame combining rigidity and lightness, and hypoid rear axle drive gears, here used for the first time in the low-priced field.

Chevrolet engineers emphasize the fact that the 1937 models adhere closely to engineering principles which Chevrolet has developed through constant improvement year after year. They are more compact, with a gain in strength and a reduction in weight. Better hill-climbing and acceleration, with marked smoothness, durability and economy, characterize the performance of the entire new line.

Both body and chassis refinements contribute to noteworthy advances in safety, comfort, driving ease, and general owner satisfaction. The use of hypoid gears has lowered over-all height, and with it, the center of gravity, a change which, in conjunction with wider-spaced rear springs, and larger cross-section tires on wider rims, makes for greater stability on the road. The power plant and the body are re-located on the frame, the body being longer and wider, with the floor 2-1/16 inches lower than in 1936. The increase in width at the floor line is from 36 inches to 38 inches, and the front compartment is 1 1/2 inches, and between the doors across the front seat, two inches. Wider windshield and larger windows increase visibility and contribute much to safety.

Ample provision for luggage is made in every model. Town sedan and sport sedan in each line have capacious trunks, and models without trunks or rear decks have commodious space behind the seat. Each model also has a package ledge across the top of the rear seat, as well as a locking compartment in the instrument panel.

The same power plant is used in both series. It is entirely new, and is introduced as the highest refinement of the valve-in-head design, for which Chevrolet has been known over a long period of years. In it, the bore is increased from 3-5/16 to 3-3/8 inches, and the stroke reduced from 4 to 3-3/4 inches, the displacement being stepped up from 206.8 to 216.5 inches, and the compression ratio raised from 6 to 1 to 6.25-to-1. Increased power and torque are available at all engine speeds, which give the Master De Luxe better performance and the Master greater fuel economy.

The crankshaft of the new engine has four bearings instead of three, and an innovation is the use of crankshaft bearings of graduated diameter, increasing from front to rear, the front bearing being 2-1/16 in. in diameter, and the rear bearing 2-25/32 inches. Bearings are of the steel-backed babbit type. The 65-pound crankshaft is counterbalanced and equipped with harmonic balancer, lighter and more sensitive than that previously employed. Lighter, dome-head pistons, shorter and stiffer connecting rods, four-bearing camshaft, and manufacturing system with thermostatic heat control, are among the power plant's other new features. Driving ease is increased, and durability enhanced, by the completely new Synchro-Mesh transmission in the new models. It is more compact and rigid, and the synchronizing mechanism is improved through the use of simplified cone clutches.

Building Boom Hits Scarsdale

The Herald has been informed that excavations will start next week for five new homes in Scarsdale. W. C. Tackett, Inc., has taken out permits to erect the houses which will be the first of a new building program that is expected to transform that subdivision into a built-up district by the end of next year.

A few months of negotiation the outstanding special assessments of the subdivision have been paid and cancelled. It is understood that this was accomplished by bond and security holders accepting parcels of lots for their interests. This has made a building program possible in a district with all improvements paid for and property clear of all past taxes.

Mr. Tackett could not be reached last night to give any further details. The houses to be built will sell in the neighborhood of \$12,000.

LION'S CLUB DANCE SAT., FOURTEENTH

To Be Gala Affair; Many
Valuable Prizes To Be
Awarded; Good Music
Assured.

The third Annual Fall Dance at the Northwest Hills Country club Saturday night will most likely be the outstanding event of the 1936 season, judging from the fall dances in previous years and the plans for the current affair.

The Lions club has secured Joe Erick and his band, famous radio stars, as orchestra for the evening and no doubt their popular music will receive the same enthusiastic reception here as they have received elsewhere.

Prizes on Display
The prizes to be awarded at the dance, and which are now on display in the bank window, and being added to—alone provide plenty of incentive to be present. The door prize—a General Electric Food Mixer, will be awarded to the holder of the lucky dance ticket stub, and the other prizes will be awarded to holders of lucky tickets given away with purchases. The merchants have been exceedingly generous this year in prize donations and everyone is well worth winning. Don't forget that winners must be present at drawing.

Arrangements have been made for the complete use of the facilities of the club house, including refreshments and sandwiches. Check-room facilities will be provided which will be adequate for a capacity crowd. Nothing has been overlooked and everything is in readiness to provide an evening complete in all respects.

The "One and a Half" Police Department Gets Busy in Stonegate

When certain residents of Stonegate appeared before the Arlington Heights village board last week demanding better police protection and ridiculed the police service of the village, terming it a "one and a half" police department, those residents of course did not expect the local police would really get so busy as to interfere with the activities of any local residents even if they do break the laws.

There were also a number of local business men who thought that no hunting signs within village limits did not apply to them. However, the police department in their line of duty gathered in six of the boys Tuesday for hunting within the prohibited area. A prominent citizen of Stonegate and prominent citizens of the village were among the "guests" entertained by the police who released the "law breakers" upon their promise to be good little boys hereafter.

Webber Paint Company Wallpaper Sale Now In Progress; Savings

The Webber Paint Company, 5 S. Dunton, Arlington Heights, is staging one of the greatest wallpaper sales in its history. The sale which has been in progress the past two weeks is featuring new wallpapers in beautiful patterns and the latest designs at greatly marked down prices.

According to Mr. Baldwin, manager of the store, now is the time to redecorate. The present low prices for wallpaper will be out of the question next spring, he says.

ORCHARD PLACE
CARD AND BUNCO PARTY
Bunco and card party to be held Nov. 18, 1936, at the Orchard Place School, Higgins Road and Lee Street at 8:00 o'clock. Admission 25 cents.

Mr. and Mrs. Carl Bade of Des Plaines are the proud parents of twin sons, born Friday, Nov. 6. Mrs. Bade is the former Esther Winkelman of Mt. Prospect. Congratulations to the parents.

MT. PROSPECT ASKS PWA AID FOR SCHOOL

New Class Rooms Needed,
Asks Government To
Pay 45 Pct. of Cost.

Adopting the same method as used by the Village of Arlington Heights three years ago to erect new water tower, drilling of a deep well, etc., under the Government PWA program, the board of education of the Village of Mt. Prospect has taken the initial steps for the erection of two additional class rooms and a combined gymnasium and auditorium. If approved Uncle Sam would not alone buy the entire bond issue, but would also make an outright grant of 45% of the cost of the improvement, thereby saving the taxpayers many thousands of dollars.

The board of education has realized for some time that additional class rooms are needed. Today the enrollment exceeds available seats. The former community building, under the same conditions as the old rural one-room schools. Lack of sufficient exits to the present building has raised the insurance rates to an almost prohibitive figure. Some time ago the board was informed that it would cost nearly \$8,000 to the board to install the required exits.

The state department of public instruction has continually criticized the local district for failing to erect an addition to the school building in order to relieve the present over-crowded condition. It was on the suggestion of the state that an application for a government grant under the PWA plan has now been made.

A tentative plan has been prepared by the architect, which would erect a one story addition to each end of the present structure, but set back to line with the rear wall of the old building. Between these two additions, it is proposed to build the gymnasium, or auditorium.

The share to be paid by the school district is estimated at \$30,000 which would be secured by bonds bearing 4% interest. The cost of the entire project would be in the neighborhood of \$55,000, the difference being donated by the government.

The board of education feels it would be at fault if it did not make an effort to avail itself at this time of the PWA plan of construction. Otherwise the district would very soon have to pay the entire cost of such an improvement.

St. Peter Ladies' Aid 35th Anniversary To Be Recognized Sunday

St. Peter's Lutheran Ladies' Aid of Arlington Heights will celebrate its thirty-fifth anniversary in a divine service Sunday, 3:30 p. m. Pastor Noack will conduct a German worship with a German sermon, while Pastor Fricke will deliver a brief English anniversary address. At the close of the church service the ladies will serve an anniversary supper to all its members and friends.

This service group began its activities in 1901 and since that time its members have accomplished much good for the local church and the missions of the general church body. Pastor Noack was instrumental in effecting the organization and since has served the aid as a wise spiritual advisor. The following five charter members are still in active membership: Mrs. Wilhelm Kumpf, Mrs. Alvina Hinrichs, Mrs. Mathilda Taege, Mrs. Louise Malzahn, and Mrs. Anna Friese.

Present officers of the ladies' aid are Mrs. Ernest Weinrich, president; Mrs. Dorothy Schroeder, vice president; Mrs. John Busse, treasurer; Mrs. Albert Nebel, secretary.

All friends and well wishers of this hard-working auxiliary are invited to participate in their anniversary program.

Chicago Store Manager Loses Feet Under Freight Train

Mystery surrounds an accident that occurred at the Baldwin road crossing of the C. & N. W. R. R. between Palatine and the viaduct about 9:30 Wednesday morning when John R. Fritz, 30, 2825 Glenlake avenue, manager of a Jewel Tea store in Chicago, had both of his feet run over by a freight train.

Fritz was found crawling towards his car 150 feet west of the crossing by Thompson, signal maintenance man of the railroad company. The latter took the injured man in the latter's car to the Community hospital at Palatine, where amputation of parts of both feet were necessary.

The injured man is married and has two children, six and eight years old. The physician in charge up to the time of going to press would not allow any questioning of the injured man by the police, as to how the accident occurred.

ONLY A DEMOCRAT

C. McWharther, of the Arlington Seating Co., is still being kidded over being the only Democrat who lost in the election last week. He gave Geo. K. Volz a "buggy ride" in a wheelbarrow through the business streets of Arlington Heights because Wheeling township did not go Democratic. "Anyway," says Volz, "Mac showed that he was as good a sport as a lot of Republicans in which camp we expect to have him tied before the next presidential election rolls around."

Old Time Will Be Back Again Sunday

Turn your clocks back to central time when you go to bed Saturday night as the Chicago suburbs following the time decree of the Chicago city council goes back to old time next Sunday. The city council originally caused all the disturbances by passing an ordinance adopting eastern time all the year around, has now turned around and officially established daylight saving time for summer months and central time for winter months. The vote upon the proposition in Chicago last week was nearly two to one in favor of early time for summer months only.

Vandalism Wrecks Park Benches

Vandalism during and after the Halloween period is blamed for the destruction of numerous park benches that were constructed under the direction of the village board and distributed to the various parks within the village. All four benches at the northside school ball park were wrecked and a number in the new recreation park.

The moulds for making the benches did not belong to the village and have been returned. Thus the park board and the people of Arlington Heights are deprived of the future use of park seats that would have been ornamental and useful for many years to come.

The editor of this paper can not deplore such evidence of vandalism too strongly. There has been a tendency on the part of local authorities to deal kindly with local wrong doers. It is time that an example should be made of the element that engages in such practices.

Men's Club Minstrel Show

The Arlington Heights Men's club will give a Minstrel show at the Methodist church gymnasium on Wednesday and Friday, November 18 and 20.

The men have spent some time and much effort in getting the program into the very best of shape, and they believe that they have a show which will entertain and amuse everyone who attends. The many different parts of the evening's entertainment assure an interesting time for all, both young and old.

Most of the leading roles are taken by the members of the club themselves. In addition to these performers, there will be some special acts which have been arranged by Mr. Jack Everett, the director and leading spirit of the entire program.

Be sure to attend, for you are certain to enjoy a wholesome and hilarious evening of real entertainment.

Valparaiso Association Meets Wednesday At Palatine School Hall

The Northwest Suburban Zone of the Valparaiso University Association, which is supporting this institution of learning, will hold its annual rally next Wednesday, 8 p. m., in the Immanuel Lutheran school hall at Palatine. The meeting will not be used to solicit contribution, but to give adequate information and the work and problems of the university. A speaker of the public relations committee will give an address and lead the discussion. It will be an informal gathering and the usual supper will be omitted. All friends of Christian higher education are invited to attend.

Thieves Enter Office Of Tibbitts Cameron Co. At Arlington Heights

When employees of Tibbitts-Cameron Lumber Co., Arlington Heights arrived at the office Wednesday morning, it was discovered that visitors had been to the place during the night. Entrance was gained by breaking a window over the scale. The cash drawer containing \$4.80 was forced open and contents of desks were strewn about the floor. The visitors left through the door.

In a half page adv. the largest in the Herald this week, Quality Cash Market has good news for every Arlington housewife. The sale called a "Landslide of Values" features about everything that is needed in the pantry—and by the way, Thanksgiving is not far off so it might be good business to stock up with these high quality foods.

Basketball Season Opens Friday At Arlington High

Those loyal Arlington high school fans who may be unable to follow the football team to Lake Forest this Friday for the last football game of the season, and those who care little for other sports but just want to see one basketball season for another, will begin to have their innings this week. The shooting for the football season will hardly have died away when the cheers for basketball will begin. The football game at Lake Forest will be played at 3:30 and the first basketball game of the local season will start that same evening at 7:30.

Bensenville is to be the foe in the season's opener on the Arlington floor. Last year Bensenville had one of the best teams in the conference and administered two sound thumpings to the Cardinals. But this year's band of hopefuls for the Arlington basketball season are looking for more encouraging news as results of these early games.

None of the football squad will be represented on the Arlington basketball team this Friday. Ray Hayes, lightweight coach, has been working a group of about twenty boys who are not out for football. These were chosen from a gang of fifty who evidenced a desire to get an early start. Coach Hayes will have five top notch performers to start the game against Bensenville. Pingel and Annen are leftovers from last year's heavies, and Grismmer, Allen and Schaefer were picked from the lights of last season. The substitutes and lights who play Friday will have to be chosen from untied material.

Arlington is hoping for a much better year than last in basketball. The thing that was sadly missing last year—confidence—is present in this year's squad in abundance. Next week when the football squad reports Capt. Kopplin and others will really have to hustle to be able to gain places from any of the five who will play against Bensenville. If the boys can get over the habit they had last year as "lights" of easing up after a quarter or so (which habit cost them the lightweight championship), they will make it hot for any opposition they may encounter.

With as good opposition as Bensenville will offer, the season's opener should be a hummer. There will be a lull of about ten days before the next game. During this time the football team members will take to the court in their attempt to wrest places on the team from the present incumbents. The next game will be with Crystal Lake Wednesday night, before Thanksgiving also on the Arlington floor.

Basketball is on for the '36-'37 season!

3 Day Harvest Festival At St. James Parish Starts Friday

A three day harvest festival of St. James parish, Arlington Heights, starts Friday and continues through Sunday, November 13, 14 and 15. The bazaar booths include dolls, blankets, poultry, foods, etc. A bakery sale will be held Saturday night only.

A delicious supper will be served Sunday evening from four to seven thirty. That evening the following prizes will be awarded: \$100 radio; \$40 bicycle; \$25 Mixmaster; \$15 Silcox coffee-maker.

Landslide of Values Featured By Quality Cash Grocery This Week

As soon as a class, consisting of 8 men and 8 women is formed, the services of Mr. Guy Colby of radio station WLS will be obtained. Come and register and have a lot of fun learning to barn dance. Free instruction.

Hallowe'en Party Well Attended
A gala event which consisted of a Hallowe'en party on Oct. 30, was given by the WPA Recreation project workers. Over one hundred children of all ages, attended.

ARMISTICE PROGRAM AT ARLINGTON

Legion and Auxiliary with
High School Unite in
Observance.

Hatred of War, opposition to Red and Communistic propaganda and the importance of preparedness, were stressed by Joe Bernhardt, senior vice commander of Cook County Council American Legion Department of Illinois, in a short but snappy address given as part of the Armistice day program at the Arlington Heights high school Wednesday morning.

Tom Pope, holder of one of the few Congressional medals for bravery, gave an insight in the horror of war when he recounted his sensations and some of his experiences in the front line trenches. His description of the barrage laid down by the allied forces to clear the way of their own advancing troops was vivid, even to the death of nine comrades who advanced too fast and met their deaths by their own guns.

Miles Burpee, Americanism chairman of Merle Guild post, presided. In introducing Mr. Pope, Mr. Burpee told his hearers that the men who went to France in 1917 and 1918 did not enter the hero class just because they did their duty, any more than the daughter washes dishes for her mother deserves special praise. It is when a person does the things that he is not required to do that he deserves special praise or recognition.

The high school band gave several numbers and the quality of that music was recognized by a number of the speakers.

On account of the inability of Commander Miller to be present, Past Commander C. L. Griffith took his place, saying in part "War produces the greatest extremes in human life, but it breeds them at too terrible a cost. Contempt for softness can be cultivated in time of peace. War teaches the lesson of obedience, yet it is a lesson we should learn at home, at school, on the playing field, in the life or organization. The spirit of self sacrifice can be cultivated in peace as well as in war with its greed and brutality."

Mrs. Jeannette Pecchia, Americanism chairman of the 9th district told about the "boys state" that the legion and auxiliary is sponsoring each year sending one or two boys from Arlington Heights to Springfield each year to join with other boys in learning first hand the manner in which this government is conducted.

Recreation Dance This Saturday Nite

The committee appointed by C. E. McWharther, chairman of the recreational project with O. G. Barrett as its chairman and Mrs. Volz, Mrs. Heller, Mr. Taege, and Mr. Otz-Wulbecker, have arrangements quite complete for a good old-fashioned dance and good time party for Saturday night.

When Heine and his orchestra make music, everybody has fun. Young and old alike enjoy Heine's music. It appears from the interest shown that the hall in Meyers Park at the rear of Tibbitts and Cameron Lumber yard will be filled to its limit. In the first place everyone that enjoys a good time, knows that they will have one at this kind of a party and this includes our friends out in the country as well as the people in Arlington Heights. In the second place the people of Arlington Heights feel it somewhat of an obligation to go, and through their attendance lend their support to the recreational project which is a community activity for the good of all of our people.

Paul Taege and others are selling tickets in advance. You are urged to lend support that the committee can know as much as possible about the attendance in advance.

You will want to attend and hear the "address of welcome" by Heine and his gang.

Free Instruction In Barn Dancing Available To Eight Couples

All who are interested in barn dancing will you kindly register with the project superintendent at Meyer's Park.

As soon as a class, consisting of 8 men and 8 women is formed, the services of Mr. Guy Colby of radio station WLS will be obtained.

Come and register and have a lot of fun learning to barn dance. Free instruction.

Hallowe'en Party Well Attended
A gala event which consisted of a Hallowe'en party on Oct. 30, was given by the WPA Recreation project workers. Over one hundred children of all ages, attended.

We, the workers, wish to extend our thanks to all of the business men who so kindly gave donations toward the party to make it the success it was.

Roosevelt Wins G.O.P. Landslide

From "Back in 1904," which
appears each week upon Page 6.

Election of 1904

Roosevelt 325; Parker 151. This tells the story of the greatest Republican landslide in the history of the nation. All the doubtful states, every one of them, went Republican. Pres. Roosevelt has won the most remarkable political victories of our generation. He carried every state in the north.

A record vote of 14,000,000 was cast. New York gave Roosevelt a plurality of 200,000; Illinois 235,000; Cook county by 110,000 and do not state by 125,000; Iowa by 150,000; Ohio 200,000; Michigan 143,000.

Wm. Busse was elected county commissioner for his first term at this election.

No radio but telephone reports were posted in the windows of the Cook County Herald.

ALL LIONS CLUB MEMBERS IN FALL SALE

Membership United To
Make Third Annual
Event Success.

The 1936 Annual Fall Sale, sponsored by the Mt. Prospect Lions club, and organized by the Retail Merchants Committee of the club is the third annual event of this kind. The success and popularity of the two previous annual affairs has inspired the committee to hard work and preparation to make the 1936 affair an even greater success.

Every member of the Lions club is contributing toward making the present affair one which the people of the community will enjoy, as well as one in which savings can be made in purchases from the local business houses. The members of the club take pride in this 3-day Fall Sale and increased activity concluding with a dance at the country club which they hope will be as well attended this year as it has been during the two previous years. A very popular orchestra has been obtained for the dance and many valuable and useful prizes will be awarded to the merry-makers as a token of good-will from the merchants of the Village to those who attend.

Membership Continues to Grow
Notwithstanding a few withdrawals, the club has increased its membership during the past year, and now includes thirty-nine business and professional men representing a wide range of interests. With the talent of the member applied through the activities of the club, toward civic improvement and betterment, the club has done much to bring to the people of this community, improvements and special events, that help to make life in Mt. Prospect more what it should be in an ideal suburban village like ours.

Club Roster

The roster of current members follows.
Willert Beer, Attorney.
I. E. Besunder, Real Estate.
F. J. Bierman, Hardware.
A. L. Buck, M. D.
A. E. Busse, Auto Dealer.
C. D. Busse, Bank.
E. L. Busse, Groceries.
F. C. Busse, Hardware.
F. W. Busse, Florist.
Geo. Busse, Real Estate.
G. L. Busse, Cy. Commissioner.
Wm. Busse, Jr., Bank.
Horace Ellis, Barber.
A. E. Gosch, Nursery.
L. E. Hodges, Postmaster.
E. Haberkamp, Florist.
P. Jaeger, Oil Gas Distrib.
E. H. Janssen, Dentist.
A. H. Juhnke, Laundry.
M. E. Kohlhaase, Accountant.
H. Kruse, Tavern.
O. H. Landeck, Dry Goods.
Fred Meeske, Groceries.
J. P. Moehling, Auto Serv. Sta.
Gil. Oldenberg, Groceries.
Carl Petersen, Elec. Contractor.
L. C. Risberg, Publisher.
A. L. Roderick, Accountant.
B. E. Terpin, R. R. Gen. Supt.
R. E. Salzman, Paving Contr.
Frank Schott, Inter. Decor.
Wm. Schott, Mason Contr.
W. A. Seidel, Dentist.
R. W. Weiss, Attorney.
Harold Willard, Real Estate.
Albert Wille, Bldg. Mater.
E. T. Wolf, Fuels.
A. Wolfarth, Physician.

Good Turkeys Scarce This Year Says Chidley

While there may be many turkeys offered for the Thanksgiving trade, good turkeys are not so plentiful, says Keith Chidley of the Sunset Turkey farm on Rand road. Mr. Chidley spends his entire time raising turkeys and has a flock of 1800 birds this season. He is now accepting phone orders for Thanksgiving.

MT. PROSPECT SEEKS SITE FOR PARK

Village Board Purchases
Snow Plow and Passes
Bills.

At a rather quiet and uneventful Board meeting Wednesday night, November 4, the Village Board purchased a 9-foot Austin-Western snow plow for attachment to its newly purchased truck. The plow was purchased through the Busse Motor Sales Co., at a total cost of \$242.

The Board also formally authorized the architect, Godfrey Larsen, Inc., to proceed with the preliminary plans for the proposed community center, so a WPA grant can be requested of the government. At this meeting the architect displayed a rough bird's eye view of what might be done. Of course, without a definite idea of just what the Village wants and a definite site for the project, the architect could not make a specific drawing, but take it from this correspondent, if we had a park and community center as nice as even this rough drawing, the Village would have something to be very proud of.

It was also decided to advertise for bids on other suitable sites for this project and to hold another meeting with the members of the board and representatives of the various organizations in town, to get an idea of just what the administration building should provide. This meeting was set for 7:30 Monday evening.

Pete Unger Host To Red Wings

The Arlington Red Wings, their lady friends and numerous fans were treated to a fine chicken dinner last Thursday by Pete Unger at his Park View Tavern, to climax the baseball season.

Pete Unger, who not only has been an ardent fan of the Red Wings, but also a generous donor in regards to buying a uniform or two for the team each year, gave the crowd present a chicken dinner, which has been duplicated very few times anywhere.

During the course of the evening Manager Page and a number of the players brought out the high lights of the past season and then gave way to George Schaefer, Jr., who gave an interesting talk about his experiences with the Davenport club the past summer. He stressed the fact that practice and more practice is the most essential quality for a young ball player with big league ambitions, and suggested that the Red Wings give as much time as possible to baseball this next season. George Volz, member of the Park Board, who was also present, assured the audience that the Park Board would do everything possible within reason to make the east side park a great baseball center. George Schaefer, Sr., who was not able to attend the dinner because of illness, sent a message to Pete Unger and the boys to let them know that he was with them in spirit and regretted that he could not be on hand. George has been a booster of baseball in Arlington for many years and nobody knows this any better than the Red Wings, who have received his help in the past.

The entertainment was taken care of by the crowd itself, which sang song after song until midnight. Roger Hertel gave a fine exhibition of tap dancing and later joined George Weingerber in a couple of songs to give those present some entertainment which they will remember for some time to come.

Frank Martin To Operate Grayslake Auction Sales

Frank Martin who has operated the Mayslake Sales Co. for some time and who has won the confidence of many farmers in this part of Cook county, is announcing this week that he has leased the auction sales quarters at Grayslake and will operate sales at that place every Tuesday. The Saturday sales at the Mayslake farm were, with the sale of that farm, changed to new quarters at the intersection of York road and Butterfield road, where the Saturday sales will be continued. The classified page of this paper gives detailed information.

NIGHT POLICEMAN AGAIN OPERATED UPON

Ira Melbourne, night policeman in the Arlington Heights business district was operated upon for removal of tonsils and tumor at the Palatine community hospital Tuesday. He has a substitute upon the job until he is able to return to his duties.

MASONIC MEETING AT MT. PROSPECT

A meeting of the Masonic club will be held in the public school basement Friday evening, November 13, at 8 p. m. All Masons are urged to attend.

ARLINGTON HTS.

What is the news? Our towns astir, With news of him and news of her; You may be sure your old news sleuth, Has a job in sifting out the truth; Good neighbors change their dwelling place, Not just pleasant task to face; Many now married seek divorce, And others die now which is worse? Babies born in a happy home, Thank God, who led them where to come, The victors still gloat in their pride, In silent confidence we abide; Well knowing in this is our strength, Truth crushed to earth will rise at length.

Several people have gone for a brief stay out of town, but don't want their names mentioned until they return. You will know who they are if you miss them.

This is termed Education Week and you are invited to visit our schools.

Arthur Gross and his son came home from their visit to his mother

in New York and are planning to take the upper apartment in Mr. Ed. Volz house on North Evergreen avenue.

Mr. and Mrs. Clarence Stadler are preparing to move from North Douglas avenue to a place on West Campbell street. They have rented their property on North Douglas avenue to Mrs. Houlder, formerly well known here as Miss Knox.

It was a proud day for the high school band when they could meet the home comers at the trains and escort them to the high school park last Saturday.

Mr. H. E. Franke accompanied Mr. Fayett Briggs to Earlville for a week-end stay, Saturday last week.

Whatever they may say about who won and who lost in the late election, our glorious Indian summer shines over all.

Mrs. Elizabeth Guild came home Monday night from Clinton Junction, Iowa, where she had been to visit her brother, Mr. William Anderson, since last week. Mr. Anderson is a retired railroad engineer

and is far from strong and well. Mrs. Guild says the weather in Iowa, was much the same as here. The snow soon disappeared and weather mild.

Mr. John Frohlich came from the city Wednesday, November 4, to help his grandson, Raoul Peeters celebrate his fifteenth birthday. With all the home folks did and his grandfathers unbeatable assistance you may be sure the echoes of his fifteenth anniversary will go ringing down the farther years of Raoul's life when the election furor of 1936 is forgotten.

Harold Neuling from Chicago Heights called on his relatives here Monday this week.

Mrs. D. G. Beatty, who has been with her son, Mr. George Beatty in Bridgeport, Connecticut since last spring, returned to her home here on North Dunton avenue last week, after spending a few days with her son, J. Y. Beatty and family in Evanston. It is good to know our dear cheery friend is where we can hope to see her often and catch the cheery she gives out to all.

Mrs. H. C. Cleveland, Mrs. S.

Fehlman and Miss Millie Johnson attended the opening of the season opera in Chicago last Saturday.

Mrs. John Croyell and her mother, Mrs. Nick from near Wheeling, went to the Des Plaines hospital Sunday, to see her sister, Mrs. Howard Scharringhausen and her new little son, born last week.

The Missionary Society of the Presbyterian church will meet with Mrs. H. C. Cleveland Friday afternoon. Be sure and attend.

Miss K. J. Keeley and Miss Millie Johnson went to Chicago last week to attend the anniversary service at Erie chapel.

Mrs. E. A. Elfeld and her son, Edward Elfeld, drove to St. Louis last week Saturday to take to her home, Mrs. Elfeld's sister, Mrs. Cook, who has been here convalescing from a long critical illness. She has so far recovered as to be able to walk and ride about. The Elfelds returned home Monday this week.

The Boesen family who have been occupying the Tegmeyer house on North State road for some

time past, have moved to Chicago where Mr. Boesen has work.

Mrs. Thomas Wilson has gone with her brother-in-law, and his wife for a short trip south to visit friends and relatives.

Mr. and Mrs. John Croyell are to move this week from corner of No. Douglas avenue and Eastman street to the lower apartment in the old Legall house. They will be nearer the station and in more comfortable quarters.

Mr. M. Saar, we are sorry to hear was taken suddenly ill Monday and was at once taken to a Chicago hospital. We hope for an early recovery.

Mr. Howard A. Helm and daughter, Miss Dorothy, accompanied Mr. and Mrs. Elliot to Wheaton to watch the football game when the team from Eureka College met the Wheaton team in a football game. Though Lewis Helm and George Elliot did their biggest stunts, the game came out a tie. Yet since Eureka means "I have found it" our Eureka players may yet find victory "Eureka! Eureka!"

Mr. William Schubert, a representative of the Prudential Insurance company, moved his family from Mount Prospect to a house on South Vail avenue in the Herman Nabel property. Unfortunately Mrs. Schubert was taken severely ill and had to be taken to a hospital before they were established in their new home. There are three sons in the family, who will enter schools in the Heights. We sincerely hope the folks of the Heights will live up to the sentiment of our slogan, "The City of Good Neighbors" and be all that and more to the Schuberts.

The Edwin H. Meyer family of South Walnut avenue had their little son christened Dale William Sunday afternoon. The event was celebrated in a happy gathering of the intimate friends and relatives in the home, to rejoice over the little one's safety in the Christian fold.

Mrs. Mary Heffernan and Miss Ruth, went to Chicago Monday to attend the funeral of a cousin, a Mr. Morrison, a cousin of the Heffernan family.

The Howard A. Helm family received the sad news of the death of a cousin of their father, Mr. Lewis Helm. He was a resident of Duluth. Mr. D. T. Helm, formerly a business man of Chicago.

Monday the ninth of November was the birthday of Little Jimmie Kledhaus, and the relatives celebrated Sunday. How old was Jimmie? One big long year, and the cheerful relatives gave him "check and double check" for many more birthdays.

The many friends of Mrs. Olive Allison are glad to hear that she will be in Irving Park for the winter and here's hoping she will remember old Heights friends soon.

We are sorry to hear that Mrs. Peter Mors has been ill for some time in the home of her daughter, Mrs. Josephine Sieburg, but at last account, we are glad to be assured she was hopefully on the way to recovery.

Miss Verna Meyer, W. Campbell street, enjoyed two weeks vacation, returning Sunday, spent with her parents, Mr. and Mrs. Christ Meyer, Trenton, N. J., who formerly lived in Arlington Heights. Miss Meyer made the trip via the Greyhound buses.

The little tots of the kindergarten under the supervision of Mrs. Daniels, had the pleasure Monday of visiting the Sunset turkey farm on Rand road, where they were more in awe of the birds than they will be Thanksgiving day.

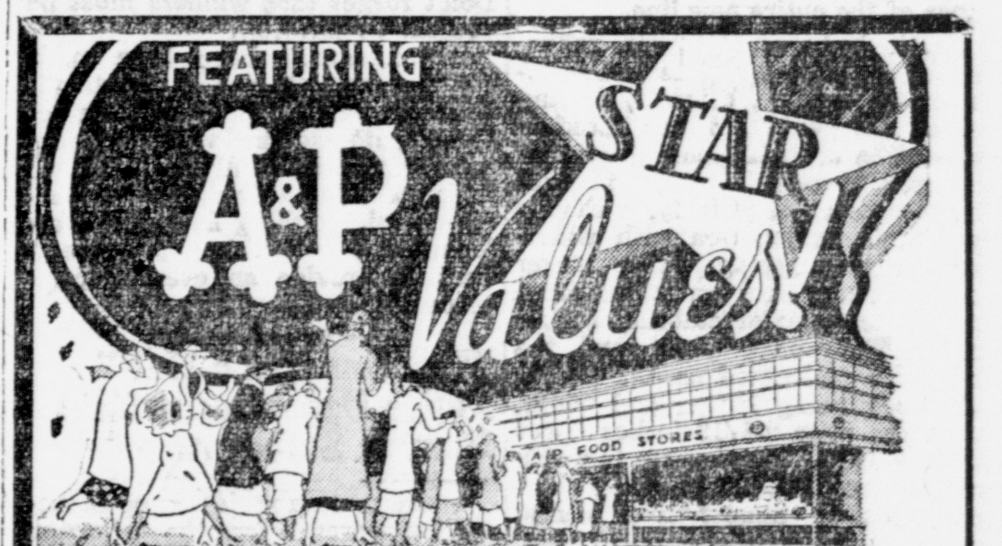

Little Miss Janet Wasser, daughter of Mr. and Mrs. Frank Wasser, had a delightful surprise visit from her grandparents and uncle, William Collins, of Bay City, Mich.

The Friendly class will give a dessert luncheon and card party Friday, 1:30 o'clock, Nov. 13, at the Presbyterian parish hall.

During the past twelve months the American public has called on the Red Cross to assist in over 150 disasters. Once each year, at this particular time, the Red Cross comes to us for our support. Enlist as a member of the society between Armistice Day and Thanksgiving.

Have your contribution of a dollar or more ready for the solicitor when she calls at your house.

First Submarine in Warfare
The first submarine to be used in warfare was the American "Turtle," which, propelled by oarsmen like all others in the preceding 156 years, tried to blow up the British warship "Eagle" in New York harbor in 1776. The attempt to attach the bomb to the bottom of the battleship was a failure. — Collier's Weekly.

MAYOR'S PROCLAMATION

The annual membership Roll Call of the American Red Cross begins Armistice Day, November 11, and continues to Thanksgiving Day, November 26.

During the past twelve months, the American Red Cross has experienced one of the busiest years in its half century of service as the nation's chief agency of mercy. Unprecedented demands for service to the victims of floods, tornadoes, epidemics and other national disasters have seriously depleted the organization's reserves. Red Cross resources have also been taxed by requirements for service in other fields, such as disabled veteran aid, accident prevention and health promotion.

The Red Cross now appeals for membership contributions to finance the work of the year ahead. It asks for nothing but the opportunity to serve others. I hope that the opportunity will be assured by a prompt and generous response on the part of our citizens.

It gives me great pleasure, therefore, as Mayor of Arlington Heights, to hereby set aside the period from Armistice Day to Thanksgiving as the time when all citizens, who possibly can, are to join the Red Cross.

J. D. FLENTIE
Mayor

MERLE GUILD AUXILIARY
TO HOLD ANNUAL
CARD PARTY NOV. 18

The annual card and bunco party given by Merle Guild Auxiliary will be held Wednesday evening, November 18 at the Presbyterian church basement at 8:00 p. m. A large crowd is expected and a good time is promised. Admission is 25 cents and tickets can be purchased from any Auxiliary member. There will be table prizes and refreshments. The proceeds of this affair will be used for service work and everyone is urged to do a good deed and attend and at the same time have an enjoyable evening.

IN MEMORIAM

Just three years ago, Nov. 11, you left us dear Marie. Time only makes us miss you more and more, but we are happy in our faith that every day brings us nearer to our happy meeting in our Father's Home.

Lonely Parents, Sisters and Brothers.
Mr. and Mrs. Aug. Wilke and Children.

Better by Far

Better hurt a man's feelings than allow him to jeopardize his soul; better have our own person dragged in the mire of vituperation than his soul lost in sin; better break a thousand canons of society than allow him to sully his name; better be laughed at than others should mourn.

CHRISTIAN SCIENCE CHURCHES

"Adam and Fallen Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 8.

The Golden Text was, "They which are the children of the flesh, these are not the children of God" (Romans 9:8).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Then said Jesus to those Jews which believed on him, if ye continue in my word, then are ye my disciples indeed; and ye shall know the truth, and the truth shall make you free. Verily, verily, I say unto you, If a man keep my sayings, he shall never see death" (John 8:31, 32, 33).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man reflects God; mankind represents the Adamic race, and is a human, not a divine, creature. Everything good or worthy, God made. Whatever is valueless or baneful, He did not make.—hence its un-reality" (p. 225).

THE READING ROOM, located in the church building and is open to the public every Wednesday afternoon from 2 to 4 p. m.

Red Cross To Solicit Funds

During the past year the American Red Cross brought permanent help to more than 131,000 families affected by disasters which struck 39 states. Time after time the American Red Cross rushed trained and volunteer workers—hundreds of nurses—into the field in the wake of flood, fire, wind, earthquake and other catastrophes. The hungry were fed, the homeless sheltered, the destitute clothed and the injured cared for as the "Great Mother"—your Red Cross—stayed on the job until all persons

unable to help themselves were assured of a livelihood. The Red Cross was able to accomplish these things only because you pledged your support through membership last year. Join now to enable the Red Cross to relieve human distress in 1937.

Have your contribution of a dollar or more ready for the solicitor when she calls at your house.

La Fayette's Full Name

The full name of the great French hero of the American Revolution was Marie Jean Paul Roch Yves Motier, Marquis de La Fayette.

"Strawberry Kate" Arrives In Town Next Week

Yes, folks, it's only one week off. The play of the year. It's colorful even to the name, "Strawberry Kate."

It's the three act comedy to be given by the Sr. Walther League. The cast, under the leadership of Mr. Karl Busse has been working hard and long to make this the best ever presented for your enjoyment.

Mr. Busse has had great success in the direction of the dramatic ventures of the organizations of St. Peters Congregation. Taking virtually green material, he has used his own intimate knowledge of the dramatics, seasoned with the experience of well known dramatic authorities with whom he came in contact at the Valparaiso Extension School, to produce marvelous results.

"Strawberry Kate" has its setting in a small community, where Kate is the owner of a small strawberry farm. You will enjoy the tact with which she handles the mischievous culprits who have been raiding the patch. How, after much worry and strife, she rises to fame at the biggest social event of the season, the Strawberry Festival, when from among the socialites, she is crowned Princess Beautiful.

The cast includes many well-known young people of our community.

The cast: Kate Winton, Clara Koenig, Mrs. Winton, her aunt, Erna Schaele.

Hazel Downing, a pretty, eighteen year old neighbor, Minerva Grewe.

Gwendolyn Downing, a member of local aristocracy, Edna Meyer, Minnie Holzappel, a young lady looking for a husband, Cordia Moeller.

Betty Crawford, Bob's sixteen year old sister, Esther Kastning, Chrysanthemum Klotz, Mrs. Winton's hired girl, Bernice Wolf, Bob Crawford, "Babbling Brooks" Frank Colba.

Charlie Grainger, his friend, Richard Wilke.

Tommy Meadows, a dignified neighbor, Harold Malzahn.

Ezra Norton, the biggest man in Cedar City, Paul Hasz.

Jim Tuckett, deputy constable, Elmer Behrens.

Musical will be furnished by Elmer Herrick.

Tickets may be had from any member of the Sr. Walther League, or by calling Mr. Richard Wilke at 103-M.

This Is Not A "Fish" Story, Because Its True

Carl Behrens, Jr., of Arlington Heights, has put his gun in storage and will accept any reasonable offer for the weapon after this experience early this week. He shot at two pheasants and missed them. As he was bewailing his hard luck a Canadian goose flew over him and he missed again. As he was reloading his gun a rabbit ran between his legs. When he finally got set, all he could see was two sparrows and he vindicated his reputation as a shot by getting the two with one shot. "But it is not worth it," says Carl.

Northside School Girls Organize Campfire Group

The 7th and 8th grade girls of the North school, Arlington Heights, have started a Campfire group. The name of the group is Chanyata which means "Place in the Woods." The girls also have Indian names.

Our guardian is Miss Laughlin. The assistant guardian is Mrs. Harris. We had election of officers. They are as follows: Dorothy Cooper, president; Marjorie Moodie, vice president; Frances Schneberger, secretary; Margaret Harris, treasurer; Marjorie Nelson, scribe; Margaret Allison, program chairman. We are going to have a program and refreshments the first and third meetings of every month. Our next meeting is at the home of Katherine Hines.

The fifth and sixth grade girls of Campfire Girls met on Monday, November 9. They elected the following officers: President, Jacqueline Jahrling; Vice-Pres., Barbara Barrett; Secretary, Betty Bray; Treasurer, Patty Miller; Scribe, Dorothy Morici.

The girls discussed plans for the coming year. Miss Bleimel spoke on handicraft. Miss Jansen is to be guardian and Mrs. Ott is the assistant guardian.

The Campfire Girls will have a meeting every Wednesday afternoon at 4 o'clock.

good, clean air with her daughter, Mrs. L. Wiedner, on North Pine.

A stork shower was given Friday evening by Mrs. Ray Gross and Miss Theresa Olah in honor of Mrs. Ed. Vogt, at the home of Mrs. Ray Gross in Edison Park. The shower was attended by eighteen young ladies. The evening was spent playing buncos. The girls presented Mrs. Vogt with a lovely baby bed. An enjoyable evening was had by all.

Miss Irene Bruech and Harold Malzahn spent the week-end with Mr. and Mrs. Paul Weinrich in Chicago.

Mr. and Mrs. Ed. Vogt entertained T. Olah and L. Niemeyer, Sunday evening at their home.

South Side Breezes

Methodist Gleaners meeting has been changed to meet November 24 in the church parlor. The members will be glad to receive orders for mince meat which the group is making for sale. Mrs. Wolf, phone 820; Miss Heller, phone 86-R; or Mrs. Dobbins, phone 7051-M, will take care of an order for mince meat any time before the November 24th meeting.

5 W. Campbell - Arlington Hts.

Mr. and Mrs. Elmo Williams and family spent a delightful week-end trip to visit Mr. and Mrs. A. H. Wiese, formerly of Arlington Heights, now living in Indianapolis.

Last Saturday, Mr. and Mrs. John Sujack attended a dinner-dance at the Hotel Sherman—an Armistice celebration.

Mrs. Wm. Kopplin will entertain the Neighborhood club next Monday at her home.

The Evereadys spent a busy day Tuesday at their all day meeting. With three sewing machines humming and busy fingers flying, they dressed a good many dolls, baby dolls middle-size dolls and big dolls. The proceeds from the sale of these

dolls is to be used for charitable purposes. Mrs. Van Gelder has kindly allowed the ladies to display these dolls in her dress shop.

Mrs. C. H. Mills spent several days last week in Rensselaer, Indiana on business.

Thursday evening, Mrs. Harold Ratliff entertained friends at bridge—honoring her house guests, Mrs. Gail Pierce, Mrs. George Milion, Mrs. Eldon Finley, and Mrs. Robert Culbertson of Delavan, Ill.

Tower Moves with Tide
Scientists have ascertained that the Tower of London rises and falls each day with the tide of the Thames.

School Patrons Are Invited To Visit Schools This Week

"American Education Week" is bringing in a few visitors, but not as many as are wished for. Thursday and Friday remain and patrons and friends are invited. No special show is being put on and if it is impossible to visit this week, please come at any time.

Grade School Observes Day
Armistice Day programs were held in all rooms of the public schools on Wednesday. These terminated at 11 o'clock and children and teachers were allowed the remainder of the day for holiday. The eighth grade class attended the program at the high school.

YOU TO TRY A SERVICE

We Invite You To Participate In Our 2nd ANNIVERSARY SALE

Two years ago, we believed that the people of Arlington Heights wanted a modern, up-to-date cleaning establishment and the Emerald Cleaners started in business. Our First Anniversary celebrated last year at this time with a money saving sale, marked a very successful year for us and for hundreds of our customers who appreciated Better Cleaning and Better Service at a Low Price.

Now we celebrate another year, our Second Anniversary, with another great sale that our customers and others should take advantage of. During the last year we've improved our Cleaning by installing new equipment and adopting the latest processes, and we've improved our Service to our customers. But our Prices have remained the same.

Dr. Leckband, Former Arlington Physician, Writes of Trip to India

D. "Gneisenau" Oct. 7, 1936
My dear Doctor Schimmel:

Sailing along smoothly through the Bay of Biscay now, on the second lap of our trip—and I must say that there are decided compensations for all the inconveniences of an ocean voyage with three little irresponsibles like Joan, Sonny and Garwood. No telephone, for instance, and no worries about patients with a lot of puzzling complaints, and the practice of medicine seems to be far off in the distant past and the scarcely less distant future.

There is nothing better than a bit of traveling on the seven seas with a fine "Schneidmuller" like the transatlantic Bremen or Queen Mary and its solicitous personnel to provide rest, recreation, food, entertainment, movement, changing scenery, places of interest, etc.

The "log" of our travels thus far has been interesting to us, of course. I'll inflict a few details upon you which you may skip if you will. We were entertained by our Ft. Wayne friends and arrived in New York as per schedule to complete final arrangements for the picking up of our tickets, the disposal of freight and baggage, the meeting of our missionary group (fifteen in all including five children), and since we were traveling on German ships and visiting Germany, the purchase of "Registered Reichsmark." By the way, if you ever travel thus, be sure to buy 500 to 1,000 Reichsmark in New York or Chicago, because you will get almost twice as much German currency for your dollar there as you do when you change dollars to Reichsmark on the ship or in Germany.

Our trip of six days across the Atlantic was quite pleasant. We had views of the "Queen Mary" and the Zeppelin "Von Hindenburg" at one and the same time as we entered the English Channel. At Cherbourg and Southampton we had splendid views of the harbors with their multitudes of ocean-craft and the coast-line of France and England and later on the coast of Holland and Germany.

The Nord-deutsche Lloyd is certainly an extensive concern. We landed at Bremerhaven at the mouth of the River Weser and were taken by special train to the city of Bremen, a delightful old German trading city. There is no waste land on those north German marshes—ditches separate tiny well-drained pasture plots dotted with Holstein cows as fences do in America. The homes of these German workers are as neat and colorful as their flower and vegetable gardens with their cute little "Gartenhauser." The streets of Bremen are narrow, winding, short and many, neat and clean as the parlors and are flooded with pedestrians, bicyclists and miniature editions of Ford's, Austins, etc. We were quartered in a huge room in a second-class hotel which proved rather satisfactory (except the featherbeds) which cost us the huge sum of 51 marks (about \$12 for four days). We were obliged to wait in Bremen for the four days referred to above until the sailing date of the S. S. Gneisenau and I took the opportunity of going over to Hamburg which lies about 50 miles distant in order to visit the Tropical Institute and hospital. I found that upwards of 400 physicians from India, China, Japan, the East Indies, Africa, and especially South America visit this institution every year, in addition to the 75 to 100 who register for the lectures and clinics. The regular course had just begun, lasts two months and is repeated in Spanish to accommodate M. D.'s from the Spanish-Portuguese countries in the tropics since Germany has lost her colonies in the hot regions. The young doctor who showed me about had been in

Dr. Leckband, who recently left Arlington Heights for India where he will take up missionary work, has written an interesting letter to Dr. Schimmel, his successor. The latter, realizing that there are many friends of Dr. Leckband who will enjoy learning about the experiences of the latter up to the time that the letter was written, has consented to allow the Herald to publish the letter in part.

The Kamerun of Africa and said that tropical diseases don't present much of a problem any more because the cause of most of them, their prevention and splendid medication for their treatment were known. The real difficulty is in reaching enough of those afflicted for the application of modern methods. The museum of the Institute is splendidly adapted to demonstrating their work. The doctor took me to the experimental laboratory with its monkeys, guinea pigs, rabbits, canaries, and rats, etc., and seemed to be as proud of it as any research students at the U. of C. might be. Incidentally, he asked me a few questions about America and seemed to think the good old U. S. A. were in grave danger of communism and of the race-intermarriage problems with Negroes! It does seem that once outside of one's own country, one sees how foreigners are so much interested in their own problems that they permit all information regarding other countries to be limited merely to what their own newspapers and writers choose to say, which is very little and quite garbled.

We have sailed through the Bay of Biscay (we did find rough going there), around Spain and Portugal, through the Strait of Gibraltar, and are now due to arrive at Genoa tomorrow at 6 a. m. Remained in Antwerp for two days to pick up a huge cargo of steel railroad ties, gas tanks, etc., from the German "Ruhr-gebiet", most of which was consigned to Japan. In the huge warehouse was pleased to see boxes of prunes from California, barrels of oil from Standard and Colgate Dental cream. The Belgian shopkeepers were delightfully friendly and gracious.

Dutch planters and their families boarded the ship at Antwerp for Singapore and Penang. A rather large group joined us at Southampton, England, most of them Britishers going to Hongkong, Shanghai, Yokohama for commercial reasons. Some of these Britishers, however, are merely taking the long way around to Genoa merely as a pleasure trip. At Genoa I understand we load up to the gills with passengers from all over Europe.

Of Spain and its troubles we experienced nothing. The two stops in Spanish territory were cancelled because of the war. Yesterday we were kept guessing for a bit because news filtered in of some messy work that Italian Fascists had done on the Balearic Islands, which we were approaching. The ship made a complete circle, the life boat crews assembled and then we were told that it was just their customary weekly drill. Of course, it got me a bit when the deck steward pointed off toward another ship which I was studying with the binoculars and asked me if I had seen the U-boat which had just dived below the surface. Reckon I swallowed the joke—hook, line and sinker.

Don't pass the car ahead unless you can see that no danger exists, warns the Chicago Motor Club. Cars coming from the opposite direction, curves, hills, and the narrowness of the roadway, all are things you must take into consideration. And when you decide to pass, don't dally. Step on it and pass as quickly as possible.

Fidelis Club To Sponsor Public Recital of Pupils Of Mrs. Comer Rice

Readings, playettes, costumed character sketches and monologues will be presented Monday evening, December 7 by Mrs. Comer Rice's Arlington Heights students in Expression in Dramatic Art at the auditorium of the First Methodist church.

This is the second recital given by Mrs. Rice's students since she started classes here last February; the recital of last spring having received such praise that the instructor, parents and sponsors expect a large and enthusiastic audience this year.

Mrs. Rice is an experienced actress and teacher, having graduated from the Vanderbilt University School of Speech at Nashville, Tenn., studied at Kansas City and St. Louis, Mo., speech schools, and received the Bachelor of Oratory degree from the Chicago School of Expression and Dramatic Art directed by Letitia Barnum, well known on stage and lecture platform.

The recital, sponsored by the Fidelis club, is free to the public; but refreshments, donated by the committee in charge, will be sold to help defray expenses of the recital and to aid the Fidelis treasury. Members of the committee are: Mesdames M. W. Preilberg, chairman; Fred Utterback, G. R. Baxter, Frank Rogers, Charles Emmett, Harry Sebert and N. K. Barr.

Health Talks

By Dr. J. H. Fisher

Health Talks

The age of eyes. This is one thing every parent should know and to the health of the child it is very important. All children's eyes at birth are normally farsighted and function independently of each other from early childhood, to the age of 13 the eyes become less farsighted and the child learns to move them together. Should this development stop too early in its course, the result is permanent farsightedness and crossed eyes. If the eyes overdevelop the result is nearsightedness. Nearsightedness must be caught as soon as possible or it grows worse, usually as the child grows older and constantly thicker lenses are required.

If some difficulty arises in learning to use both eyes together, muscular imbalance, or crossed eyes the symptoms are easily recognized and the condition corrected. At this stage of life:

1. Do not place a baby so that the clothes or quilt covers one eye.
2. Do not give the baby anything to play with before six months of age.
3. Do not try to change a left handed child to a right handed one.
4. Do not make fun of or tease a child who stammers or stutters, see your doctor and sometimes it is a fault of the tongue. Your doctor should examine the lower part of the tongue, sometimes it is necessary to cut the lower muscle to allow the tongue a free motion. Have your eyes examined once a year, see your doctor twice a year. Remember it is easier to prevent than to correct at this age.

Conductors of Electricity
Under ordinary conditions pure water, kerosene and alcohol are poor conductors of electricity, whereas water solutions of salt and acids are good conductors.

WOMANS CLUB

The Arlington Heights Woman's club met at the Methodist church parlors last Wednesday, Nov. 4. Mr. W. Kassenberger, of Chicago, gave a talk about the Brookfield Zoo. This speaker was furnished by the Brookfield Zoological Society.

The club was fortunate to have a half hour musical recital of French Classical and popular favorites by Mrs. W. A. Miles. Her accompanist was Mrs. Harry I. Sebert.

Indian Chief To Speak
Chief Clearwater of the Ottawa-Pottowatomi Tribe, will entertain the Arlington Heights Woman's club at their regular meeting on Nov. 18.

American Indian articles of handicraft will be on display and a group of Indian gift items will be for sale.

Autumn Dinner
The Woman's club autumn dinner will be held at the Mohawk Country club Thursday evening, November 19 at seven o'clock.

Clark Kuebler of the Northwestern University, will speak on the subject, "Can Europe Keep the Peace." Knowing Mr. Kuebler's reputation as a speaker, club members will have a delightful evening before them.

Thanks Public
The Woman's club wish to express its appreciation to all who helped in making their annual rummage sale a success. The proceeds go toward the support of the school nurse.

Merle Guild Auxiliary

The regular monthly meeting of Merle Guild Auxiliary was held Monday evening, November 2. After the regular business was transacted a musical program followed. Mrs. Albert Russel graciously consented to be present and sang several solos. She has a fine voice, and every member present was grateful to her for coming. The entire unit sang several war-time songs and one and all considered the evening a musical treat.

Three members of our unit attended the Cook county council meeting, Friday, November 6. Merle Guild Unit has decided to have two meetings a month instead of one. The second one to be a social meeting. The social meeting of November will be held at the home of Junior Past President, Mrs. Bernice Forsen, Tuesday, November 17 at 2:00 p. m.

The next district meeting will be held Thursday evening, November 19. For more information call President, Dorothy Neubauer, 134-R. A combined Americanism and Fidac meeting will be held at the home of Mrs. Iva Jones on Friday afternoon, November 20, at 2:00 p. m.

Don't forget to attend the card party being given by the Unit Wednesday evening, November 18. Every member is expected to fill at least one table.

Dentists and Physicians In Earnest About Collection of Unpaid Bills

For several months the Professional Men's Service Bureau, an organization of National scope, have been completing an audit of all unpaid bills due to the professional men in the Northwest suburban district.

They have helped many patients to meet these just obligations in a reasonable manner, and the professional men have cooperated with their plans to the fullest extent. The professional men have kindly accepted installment payments of their debtors, and have held themselves in readiness to continue to service their medical and dental needs.

In our community, however, there are some debtors who have thus

P. T. A. President Host To Teachers and Room Mothers

Mrs. Thomas Cooper, president of Arlington Heights P. T. A. was host Tuesday afternoon to the teachers and the room and school mothers of the kindergarten and public schools. There were forty in the party that gathered at the Cooper residence, 206 East Euclid avenue.

Short talks were given by Mr. Whitmore, who told the way in which room mothers can help the teachers; and Miss Irene Russell, who talked on the cooperation of the P. T. A. with the schools. The pouring was done by Mrs. Raymond Atkinson, and Mrs. Eugene Heller, school mothers of the southside and northside schools, respectively.

M. A. Hogate, Asst. Coach at Arlington Was Married Sunday

M. A. Hogate, assistant coach at the Arlington Heights high school was married Sunday to Miss Clara Hovenden, of Peoria. They are residing in the upper flat at 635 North Dundas. The following is taken from a story of the wedding that appeared in a Peoria daily newspaper.

Extremely fair and pretty was yesterday's bride, Miss Clara Hovenden, lovely younger daughter of Mr. and Mrs. Charles S. Hovenden of 208 West McClure avenue who pledged holy vows of marriage with Marion A. Hogate, son of the late Royal A. Hogate and Mrs. Julia Hogate of Morton, Ill., in an impressive home wedding read at 2:30 o'clock Sunday afternoon by the Rev. E. L. Ferrandis of Arcadia Presbyterian church.

Fifty relatives and close friends of this delightful young couple gathered at the Hovenden home to witness the nuptial service, which took place before an improvised altar adorned by palms and large white chrysanthemums over which shone myriad gleaming tapers in branch candelabra.

Beautiful bouquets of vari-toned chrysanthemums filled the rooms of the house for the reception following the ceremony and on the snowy cloth of the bridal table were brilliant yellow "mums" sharing position with a tiered wedding cake topped by a miniature bride and groom. White tapers gleamed over the festive scene.

Mr. Hogate has taken his charming bride to a newly-furnished apartment in Arlington Heights.

The bride, a graduate of Peoria high school, has served as secretary to W. M. McRoberts for the past three years and has scores of friends who regretfully see her leave Peoria.

The groom, an admirable young fellow, is a graduate of Peoria high school and Bradley college, where he was affiliated with Theta Kappa Nu fraternity and is now a member of the faculty of the Arlington Heights high school teaching general science, physical education and coaching.

RED CROSS MEMBERSHIP

Many times each year the American people need the Red Cross; once each year, at roll call, the Red Cross needs the American people. Renew your membership during the period between Armistice Day and Thanksgiving.

Have your contribution of a dollar or more ready for the solicitor when she calls at your house.

Eastern Star Notes

On Sunday, Nov. 1, the officers and past officers of Arlington Heights had a surprise party on our W. M. Sister Frances Thorson in honor of her birthday. It was held at the home of Sister and Brother Jasper, who are so very hospitable.

A very delicious chop suey supper was served at 5 o'clock, which was enjoyed by all present.

Sister Frances was presented with a beautiful purse and a pair of gloves—a token of love and respect of her officers and past officers.

The evening was spent playing cards until a late hour. All the guests were very grateful to the Jaspers for the privilege of using their home for this delightful party.

O. E. S. Girls Club
On Friday evening, Nov. 6, the Arlington Heights O. E. S. Girls' club entertained their W. M., Frances Thorson. A dinner was enjoyed in the Colonial Room of Harding's Restaurant in Chicago, after which they all journeyed to the Harris theatre, where they witnessed a performance of Jane Austen's "Pride and Prejudice." All reported having spent an enjoyable evening.

Arlington Has A Home Coming, Beat Libertyville

Arlington's Homecoming celebration last week-end had a glorious "semi-final" conclusion in that they succeeded in downing their ancient and worthy foe, Libertyville, in commanding fashion 19-0. It was a "semi-final" in that the preliminaries were held on Friday night in a rousing, roaring parade, pep-session, bon fire and snake dance through Arlington which certainly jarred slumbering residents from their beds. The finale of the week-end was the big "Hop" at the high school gym at which old grads and undergrads met to signify their appreciation of the gridiron efforts of this season's Cardinals which have been in the main successful.

The Libertyville victory climaxed six wins for the season as against two defeats. No small part of the credit for the victories has been due to the following and unusual spirit shown by the students at the school this year. It looks as though the students have come to life. If so the school may be in for even better times athletically than those many successful ones of the past few years.

Little thought was given last week to the fact that Libertyville has had a most disastrous season. It sufficed for Arlington as it has for other schools this year to be able to dish out a trimming to Libertyville in some measure assuage the licks handed out by Liberty-

ville in years past. For a half Saturday the game itself was hotly contested. For the first quarter Libertyville held the edge and were on the verge of scoring. During the second quarter Arlington came back and outplayed the Wildcats, but were still unable to get over the zero marker. During the third quarter, however, the Cardinals dug their cleats in and ran, pushed and passed Libertyville dizzy. The last touchdown came in the fourth quarter while a whole team of substitute Cardinals were in the game. The margin of victory would undoubtedly have been greater had not Coach Grose made frequent and many substitutions as soon as the second touchdown was scored. The entire squad dressed—25 in number—got into the game. An equally large squad saw service for Coach Bergstrom's Wildcat aggregation.

In the first quarter after an exchange of kicks Arlington fumbled and Libertyville recovered on the Arlington 34 yard line. After two unsuccessful tries a Wildcat pass bounced off Kopplin's hands into those of an orange receiver giving them first down on the ten yard line. A five yard penalty on Libertyville moved it back to the 15. Two tries netted a loss of two yards then a pass was ruled complete by interference by Mayerek on the Arlington 6 yard line. This gave Libertyville first and 6 for a score. They plunged for four yards and then on an attempted lateral fumbled and Arlington recovered. This ended Libertyville's scoring chances for the day.

Arlington gradually pushed down the field during the remainder of the half, but Libertyville stubbornly held on and refused to budge. The score at the half being 0-0.

Final Games

Friday, November 13
Arlington at Lake Forest.
Grant at Warren.
Saturday, November 14
Barrington at Leyden.

Shortly after the second half opened Arlington went to work. Arlington kicked off. Libertyville tried twice and punted back. Richards made a short return on his own 20 yard line. Again an exchange of punts and this time Richards made a better return to the Arlington 47. Mayerek connected for five yards. A surprise pass, Kopplin to Turner, netted 24 yards and gave Arlington first down on the 24 yard line. Mueller reversed into the line for 3 yards and an end around pass, Hanauer to Mueller, caught Libertyville flatfooted. Joe took the pass all by himself standing in the end zone. The try for point failed.

The second score came in a hurry. Arlington kicked off poorly to Libertyville. They returned it to the 48 yard line. On the second play Richards intercepted a pass on the dead run and shot to the Libertyville 20, where he was chased out of bounds. Another pass to Turner put the ball on the five yard line. Mayerek drove over on the first play. Kopplin converted the point to make the score 13-0, Arlington.

A whole flock of substitutes came in for both teams. Libertyville's attack continued ineffectual and Arlington gradually worked down the field again. Arlington made five first downs in the next ten minutes, but were still unable to score. With less than a minute to go and a whole substitute team on the field a pass from the ten yard line into the end zone was caught by Lacina, Arlington end, after it was bounced around by Libertyville defensive men. There was just time for the kickoff and the game was over.

After the bad first half Arlington came back to play sensational ball for ten minutes. The whole team deserves credit for they were really on their toes for the entire

game. Libertyville succeeded in making only four first downs, two by means of penalties, while the Cardinals connected for 10. The passing combination of Kopplin to Capt. Turner, turned the tide to the Cardinals when a stubborn Libertyville defense failed to crack before the onslaught of the Arlington backs.

The Arlington line were the heroes for the day. From one end to the other they stopped the Wildcats cold all afternoon. Hanauer and Turner were piling up everything thrown their way. Baxter and Harrah made more tackles than they have made all year. Mills broke through for numerous tackles behind the line as did Annen and Duthorne.

Several subs looked exceptionally well. The two ends Lacina and Langhorst made fine plays. Hull, too, came in for a bit of praise by his running and passing.

With such fine support in the pinches the backs, Kopplin, Richards, Mueller and Mayerek could not look anything but well. Even Bill Harrah was calling the plays in almost flawless fashion.

For Libertyville the Trencher was the standout. Probably as good or better than any lineman on the field he was a constant source of worry to Arlington. Schar and Vlink also looked good in the line. The Wildcat backfield was doing some nice defensive work against Arlington's running plays.

Lineup and Summary

Arlington (19)—Hanauer, Weisgerber, Langhorst, LE; Baxter, Milligan, LT; Mills, Reznar, LG; Duthorne, Carroll, Lemke, C; Annen, Kirchhoff, RG; Harrah, Heide, RT; Turner (C), Lacina, RE; Richards, Rehling, Q; Mayerek, O'Hagan, LH; Mueller, Rohling, RH; Kopplin, Full, Harth, P.

Libertyville (6)—Strand, Schilling, LE; Vlink, Flamank, LG; Tremer, Shields, LG; DeHoag, Meyers, Chamberlain, C; Schreck, Ray, Wilson, RG; Schar, Ward, Nordgren, RT; Sitz, Osborn, RE; Vavra, Devereaux, Q; Krool, Flood, May, LH; Enwald, Getchell, RH; August, Whitney, P.

Touchdowns—Mueller, Mayerek, Lacina.

Point after Touchdown—Kopplin. Points—Libertyville, 9 for 32% yards average; Arlington, 7 for 36 yards average.

Passes attempted—Libertyville, 16; Arlington, 13.

Passes completed—Libertyville 2 for 35 yards (1 by interference); Arlington, 6 for 90 yards (1 by interference).

Passes intercepted—By Arlington 4.

Fumbles—Arlington, 4; Libertyville, 4.

Penalties—Arlington, 8 for 60 yards; Libertyville, 2 for 10 yards.

Referee—L. Unewitz of Waukegan.

Umpire—W. Wright of Chicago.

The Spotted Sandpiper

The spotted sandpiper is about the size of a robin and is the only sandpiper whose underparts are covered with polka dots on a light ground-color. His plaintive "peet-weet" as he runs ahead along the shore indicates his presence. The bird is about the same size, and they often are found in flocks of 12 to 30 along the sand bars and at the edge of ponds.

Final Football Game Friday At Lake Forest

The Cardinals have one more game on their schedule—that with Lake Forest on this Friday afternoon. The game will be played on the Lake Forest academy field. It is well that the final game should be a tough one—undoubtedly one of the hardest on the schedule. It is always unsatisfactory to finish up the season with an easy game and this one Friday will surely test the mettle of the Cardinals to see if they are really as good as they think they are.

Lake Forest has lost one game to date, that with Leyden. They tied once with Barrington on a muddy field, but have their record unspoiled by other defeats. Before the season started they were acclaimed as THE team to beat and have lived up to expectations. They are some lighter than other schools, but equally faster. They have three of the fastest backs in the Northwest conference. A defeat administered to them would be quite a feather in the Cardinal caps, especially as a finale to their 1936 season.

On dope the game should be about even. Respective scores against the same opponents give a very slim edge to Arlington—which means absolutely nothing—or worse than nothing. The gold-coaster's eleven is one of the flashy kind. With speed to burn they have put on a show to dazzle some of their opposition this year.

Can Arlington keep them bottled up? It won't be enough to keep them stopped purely for short gains. With their fleet backs and adept ball handlers, they might break loose any minute for long runs as they have several times this year and wreck a ball game.

The Arlington squad has promised their coaches all to play one really good game before the season ends. They haven't done it so far. Their play has been spotty. Sometimes excellent, other times poor. Each game has seen some remarkable playing and some very poor work. This is their last chance to make their promise good. There can be no alibis after Friday.

Back In 1904

From the Files of the Cook County Herald, Issue of Nov. 11, 1904

Palatine
Chas. C. Meyer had the misfortune to fall and break his nose, Monday.

Misses Anna Mess and Alma Voss visited friends at Hebron over Sunday.

Mae Seltton entertained friends from Chicago, Sunday.

Fred Schrage is sick.

The Sutherland W. R. C. has received one of the latest photographs of President Roosevelt, which they will auction at their bazaar Saturday evening, Nov. 12, at 8 o'clock.

Roselle
William Steffen of Wheaton was here Sunday.

The town of Bloomingdale has Miss Mary Neltor to thank that the Baptist church is still standing. Had it not been for her presence of mind the building would have been burned to the ground.

Chas. Zeas, who was badly injured by his bull three weeks ago, died Nov. 5.

Barbara Stanwyck and Robert Taylor at the Arlington Nov. 15-16

Barbara Stanwyck and Robert Taylor form the screen's newest romantic team in "His Brother's Wife," which comes to the Arlington Theatre Sunday and Monday, Nov. 15-16.

Taylor, regarded as the most sensational box-office draw since Clark Gable first leaped to fame, comes into his newest leading role following such hits as "Private Number," "Small Town Girl" and "Magnificent Obsession."

W. S. Van Dyke, the man who made such outstanding pictures as "San Francisco," "Rose Marie" and "Naughty Marietta," directed "His Brother's Wife."

The new picture, adapted to the screen by Leon Gordon and John Meehan, also features Jean Hersholt who has become tremendously popular as the result of starring roles in "The Country Doctor" and "Sins of Man."

Also in the cast are Joseph Calleia, the screen's leading "bad man," John Eldredge, Samuel S. Hinds and Phyllis Clare.

"His Brother's Wife" tells of a young scientist about to embark on his first scientific expedition. On the eve of leaving New York for the tropical jungle, Taylor, the young scientist, goes on his final fling and meets Miss Stanwyck in a gay gambling casino.

For ten days their romance progresses and Taylor decided to forsake the expedition, remain in New York and marry Miss Stanwyck. He is dissuaded from doing so by his brother, and he accompanies Hersholt into the jungle to trace the cause and find a cure for fatal spotted fever.

Meanwhile, to avenge herself, Miss Stanwyck marries Taylor's brother and forthwith deserts him. The young scientist's love for the girl lures him back to New York—to find her married to his own brother.

To solve the marital puzzle, Taylor takes the girl back to the jungle so that the brother can divorce her. When the divorce is granted, Taylor renounces the girl and orders her to return to New York. The spotted fever campaign is successful and Taylor and Hersholt believe they have reached a solution to their scientific problem.

"Miss" Congo Turns into a "Mr."

Miss Congo, young gorilla at the Chicago Zoological Park at Brookfield, is not a lady—or is she?

In other words, is she Miss Congo or is he Mr. Congo?

It's all a little confusing but let it be recorded that as far as Director Edward H. Beak and his son, Robert, assistant director and curator of animals, are concerned, Miss Congo is no longer Miss Congo in their eyes. She, or better, still, he, is now just plain Congo.

There are others, perhaps, who probably will think of the youngster as Miss Congo until definitely convinced to the contrary but, thus far, they have not come out with any public utterance.

The showdown, it seems, came with the arrival of a second baby gorilla from New York a few days ago. The newcomer, a native of the French Cameroons in Western Africa, is two years old, weighs 25 pounds and in a sitting position is 18 inches high. She has been positively declared a female and zoo officials have gone so far as to announce that her name is Suzette.

The native of West Africa was purchased by the Chicago Zoological Society as a playmate for "Miss" Congo and it was readily supposed that the latter would be all primed in "Her" best bib and tucker, figuratively speaking, of course, to welcome Suzette.

Any doubts as to the Congo sex, and take it from Director Beak, there have been several for many weeks, were immediately dispelled as far as he and other authorities were concerned with the debut of Suzette at the park.

"Right then and there Miss Congo was rechristened," he said. "The youngster became a swaggering boy, making what is commonly known as a grandstand play for Suzette's affections. It is one of the characteristics of animals of the opposite sex that there is an almost immediate mutual attraction—and this was clearly displayed in the case of Congo and Suzette."

So it's to be Congo—Mister Congo, if you please—from now on, says Mr. Beak.

The purchase of a pair of fairly blue birds from Java was announced at the park. The birds, with rich coloring of turquoise blue on their tails and midnight blue on their breasts were obtained in New York from Frank Buck. According to records available, no others of this family are on exhibition in this country.

Hey You Fellers On The Corn Picker Here Are Some Don'ts

In October alone, says C. M. Seagraves, IAA safety director, four people were killed while husking and an untold number were permanently disfigured, maimed or injured by mechanical corn pickers.

With the farm in the lead in the number of accidents, it's a good idea to cock an attentive ear at what the Safety Department has to say. Cut this out and stick it in your hat next time you go to the corn field:

1. Never unclog a corn picker while it's in motion. Turn off the power first.

2. Don't wear gloves and loose clothes around moving machinery.

3. Keep children away. Child curiosity is a good trait, but not around moving parts.

4. When starting the tractor never wrap your finger around the crank handle. A broken wrist or arm might result.

The farm accident toll was heavy in October. Let's do better in November.

Home of Silk Como, largest city on Lake Como, is the center of the Italian silk industry and as such rivals Lyon in France and Paterson in the United States. Mulberry trees are grown everywhere in that region.
